VeriMark™ NFC+ USB-C® Security Key for Surface

Part Number: K64743WW | UPC Code: 0 85896 04081 1

Two-factor, one tap security for Surface.

Password-based authentication remains a leading vulnerability in enterprise security, especially in Windows-centric environments. As organizations adopt Zero Trust architectures and passwordless strategies, they require phishing-resistant authentication that integrates seamlessly with Microsoft Surface deployments.

The VeriMark™ NFC+ USB-C® Security Key for Surface, engineered in collaboration with Microsoft, delivers hardware-backed authentication designed specifically for Surface devices. FIDO CTAP 2.1 and FIDO2 Level 2 certified, it provides phishing-resistant multifactor and passwordless authentication aligned with Zero Trust security models. By requiring physical user presence via NFC tap or USB-C® connection, it protects against credential theft and remote account compromise.

No drivers, software installation, or batteries are required — enabling secure authentication across supported enterprise platforms and services.

- **Engineered in collaboration with Microsoft for a trusted authentication experience**
- **FIDO2 L2 certified security for phishing resistant protection**
- **FIDO CTAP 2.1 for enhanced security features (e.g. resident credentials, Passkey support)**
- **Backwards compatibility with CTAP 2**
- **USB-C® or tap via NFC**
- **No drivers needed**
- **Supports Passkeys**
- **Compact and portable**
- **IP68-rated for dependable performance**
- **2-year limited warranty**

Product Sheet

VeriMark™ NFC+ USB-C® Security Key for Surface

Part Number: K64743WW | UPC Code: 0 85896 04081 1

Designed for Surface

Engineered in collaboration with Microsoft to provide enterprise grade biometric authentication optimized for Surface devices.

FIDO2 Level 2 Certified Security

Enterprise-grade authentication that protects against phishing, identity theft, and unauthorized access.

FIDO CTAP 2.1 Protocol Support

Supports the latest FIDO CTAP 2.1 protocol and is backward compatible with CTAP 2, enabling enhanced security features such as resident credentials, user verification, and cross-platform Passkey support. It also offers enterprise attestation, verifying the authenticity of devices for secure access within an organization.

USB-C® + NFC Dual Interface

Tap-and-go convenience with modern USB-C® connectivity and contactless NFC support for both mobile and desktop devices.

VeriMark™ NFC+ USB-C® Security Key for Surface

Part Number: K64743WW | UPC Code: 0 85896 04081 1

Simplicity and Complementary Software

Works instantly with no drivers or software installation required. For expanded functionality, optional software (VeriMark™ Key Manager, VeriMark™ Access*, and VeriMark™ Companion) is available to provide additional features and enterprise integration capabilities.

Broad Compatibility

Designed for Surface devices running Windows. Supports major browsers and security standards including FIDO2, U2F, Passkeys, and PIV.

Compact & Portable

Slim, keychain-ready design with an easy-touch surface for quick authentication on the go. Attaches to your keychain for convenience and portability.

Durable Design

Engineered to endure harsh conditions, the IP68-rated design provides water and dust protection, together with robust crush resistance.

*ARM-based CPU laptops are not supported by VeriMark™ Access at this time.

Technical Specifications

VeriMark™ NFC+ USB-C® Security Key for Surface

Part Number: K64743WW | UPC Code: 0 85896 04081 1

System Requirements

Operating Systems Supported	Windows 11 and Windows 10
Plug & Play	Yes; no drivers needed
Software	Download from www.kensington.com
Additional Software Information	VeriMark™ Key Manager, VeriMark™ Access, VeriMark™ Companion

Interface & Connections

Connector	USB-C®, NFC
USB Connector Type	USB-C® 2.0/3.0

Security

Secure IC	NXP JCOP4 P71
USB Data Encryption	RSA-2048/ECC P-256 & P-384/AES-128, AES-192, AES-256/3DES/SHA-1, SHA-256

LED Indicators

Blue LED	Request for Tap-N-Go

Product Dimensions

Unit Weight	5g (0.18oz)
Unit Dimensions	50 x 16 x 5mm (1.97 x 0.63 x 0.20in)
Enclosure Color & Material	Nylon 6 (polyamide 6), glass-fiber reinforced

Packaging Dimensions

Packaging Style	FSC® certified brown envelope
Packaging Dimensions	93 × 88 × 124mm (3.66 × 3.46 × 4.88in)
Packaging Weight	0.26kg (0.57lb)
Master Carton	10pcs
Packaging Content	1 × VeriMark™ NFC + USB-C® Security Key for Surface 1 × Welcome Insert 1 × Warranty Insert 1 × RoHS Sheet
