Elevate your feet,
improve your
workday.

As a result of the prolonged sitting inherent in desk-based roles, many professionals struggle with leg and foot discomfort as well as impaired circulation. The SmartFit™ Solemate™ Plus Foot Rest is a useful ergonomic solution for supporting a more comfortable workstation. Thoughtfully designed to simplify proper ergonomic fit, it supports your legs at the optimum angle to reduce muscle strain and fatigue and provides a foot-operated pedal so you can easily adjust the tilt angle throughout the day. Elevate your feet, improve your posture, and support better blood flow for a more comfortable and productive workday.

Features include:

- SmartFit™ - Comfort Made Easy
- Promotes Better Posture
- Foot Pedal Adjustment
- Non-Skid Surface
- New Look, Same Quality

SmartFit™ - Comfort Made Easy

Supports proper ergonomic posture and spinal alignment, as well as reduced leg and foot fatigue. Uses data-driven research and a color-coded fitting chart to support quick and intuitive height-setting.

Promotes Better Posture

Work in better comfort throughout the day as the foot rest helps put you in better, stress-reducing posture while you're sitting, which relieves pressure on your feet, back and legs.

Foot Pedal Adjustment

With a simple push of your foot on the pedal, you can make adjustments to the foot rest without having to get out of your chair and interrupting your productivity, 3.5"-5" in height or 30 degrees in tilt.

Non-Skid Surface

Large area covered in black rubber provides great stability for your feet while you're sitting so you don't need to worry about them slipping off the foot rest.

New Look, Same Quality

In our ongoing effort to provide additional value to our customers, you may notice variations in SmartFit™ packaging and support materials. The updates are designed to make it easier to identify and use our SmartFit™ products. Rest assured, the quality standards that have made SmartFit™ a trusted choice for ergonomic accessories will remain unchanged.
