

## W1060 EQ 1080p Fixed Focus Webcam

Part Number: K81171WW | 0 85896 01301 3

Clear and professional video made simple.

During remote calls, professionals and students often struggle with poor video quality, complicated setups, and privacy concerns. The W1060 EQ 1080p Fixed Focus Webcam addresses these challenges with simple, reliable features.

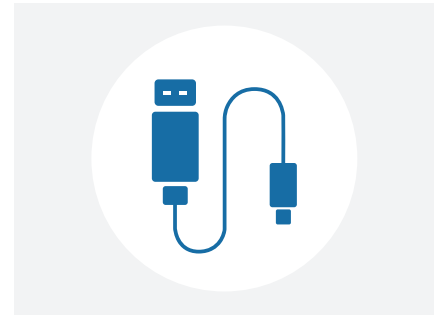

TrueHue™ software allows basic image adjustments for clearer video across lighting conditions, while plug-and-play USB-A or USB-C® connectivity eliminates driver requirements and reduces IT support needs. A built-in privacy shutter provides visual security, and the omnidirectional microphone captures clear, natural audio. Designed for work or study, the W1060 EQ makes remote communication easy, secure, and professional.

- 1080p fixed focus video at 30fps
- Omnidirectional mic for clear, full-range audio pickup
- Plug-and-play USB-A or USB-C® connectivity
- Windows and Mac
- Built-in privacy shutter covers the lens when not in use
- TrueHue™ software for a perfect picture
- Outer shell made with 49% post-consumer recycled (PCR) content\*
- 2-year limited warranty

\*Excludes screws, glass lens, and led light.

## W1060 EQ 1080p Fixed Focus Webcam

Part Number: K81171WW | 0 85896 01301 3

### Clear 1080p Fixed Focus Video

Delivers clear, detailed video on every call with Full HD 1080p resolution at 30fps. The fixed-focus lens is optimized for typical meeting distances, keeping you sharp and natural on screen without distracting focus shifts or blur.

### Integrated Omnidirectional Microphone

The built-in omnidirectional microphone captures clear audio from all directions, delivering more consistent voice pickup than typical laptop microphones—so you sound professional and easily understood, even if you move around during calls.

### Instant Setup, Universal Compatibility

No drivers or complicated setup, just plug it in and start your video call. This plug-and-play webcam works instantly with Windows and macOS, and is automatically recognized by the operating system and popular conferencing platforms, making setup effortless for users and reducing support demands for IT teams.

### Built-in Privacy Shutter

A built-in physical privacy shutter lets you instantly block the camera lens, preventing accidental on-camera moments and ensuring no video is transmitted when you don't intend it. This hardware-based safeguard provides added confidence for privacy-conscious users and sensitive work environments.

### TrueHue™ Image Customization

With TrueHue™ software, you can fine-tune video settings such as brightness, contrast, and sharpness to match your environment. From dim home offices to bright workspaces, customized image control helps ensure you always look polished and professional on camera.

### Sustainability Attributes

The webcam's outer shell contains 49% post-consumer recycled (PCR) content\* and it is shipped in FSC® certified packaging.

\*Excludes screws, glass lens, and led light.
