Fusion[®]
Laminators

Fusion®

Fusion® combines what you want and what you need in lamination. GBC has created a lamination line that incorporates cutting edge technology with a sleek, modern design.

QUICK FINISH

With warm up times as quick as 1 minute and lamination speeds up to 55" per minute, you can produce up to 335 documents per hour using GBC speed format pouches or up to 270 documents per hour using standard format pouches.

SMOOTH RESULTS

The Fusion series heating system guides pouches evenly through the laminator, producing smooth, professional results. It's ideal for any workspace, from multi-user work environments to small or home offices.

ADVANCED TECHNOLOGY

Auto pouch thickness detection identifies the mil thickness of your pouch and document, then automatically adjusts to the optimal settings. Auto jam detection senses misfed pouches and reverses to clear the jam.*

*Available only on the Fusion® 6000 and 7000

Fusion® 7000L | 6000L

The GBC Fusion 7000L and 6000L are premium commercial laminating machines, designed to meet the demands of frequent lamination and to exceed your expectations in both speed and ease of use.

Excellence Accelerated

SUPER FAST

Warm up times as quick as 1 minute and lamination speeds of up to 55" per minute let you produce up to 335 documents per hour using GBC speed format pouches or up to 270 documents per hour using standard format pouches.

SUPER EASY

Advanced auto thickness detection technology instantly adjusts to the optimal lamination settings for your pouch and document. The Fusion 7000L has a heating system with 6 rollers to ensure the highest quality results every time.

ADDED VALUE

In addition to a 3 year limited warranty*, each laminator comes with an initial supply of 50 letter size EZUse Laminating Pouches to help you get started on projects right away.

Fusion® 7000L

12" | 1703098

12" max document width

1 minute warm-up

Laminates 55" per minute

3, 5, 7 and 10 mil pouches

Advanced auto pouch thickness detection

Auto jam detection & motorized reverse

Touch button interface

Cold lamination setting

Premium 6 roller system

Fusion® 6000L

12" | 1703097

12" max document width

1 minute warm-up

Laminates 47" per minute

3, 5, 7 and 10 mil pouches

Advanced auto pouch thickness detection

Auto jam detection & motorized reverse

Cold lamination setting

Fusion® 3100L | 3000L

The Fusion 3100L and 3000L laminating machines are valued tools in any mid-size office with daily lamination needs. These laminators are quick, feature clear-cut user interfaces and are best in their class.

Enhanced Speed

SUPER FAST

An impressive 1-minute warm-up time paired with quick lamination speeds help you get more done. Fusion 3100L and 3000L laminators are perfect for large and small laminating jobs.

SUPER EASY

Smooth, professional lamination is simple with the straightforward touch button interface. Auto jam detection alerts you to any jams, which can be removed with a press of the reverse button.

ADDED VALUE

In addition to a 3 year limited warranty*, each laminator comes with an initial supply of 30 letter size EZUse Laminating Pouches to help you get started on projects right away.

Fusion® 3100L

12" | 1703076

12" max document width

1 minute warm-up

Laminates 31" per minute

3, 5 and 7 mil pouches

Auto jam detection & reverse button

Touch button interface

Cold lamination setting

Fusion® 3000L

12" | 1703075

9" | 1703079

9" or 12" max document width

1 minute warm-up

Laminates 20" per minute

3 and 5 mil pouches

Auto jam detection & release button

Touch button interface

Cold lamination setting

Fusion® 1100L | 1000L

The Fusion 1100L and 1000L laminating machines are perfect for the small or home office. They are compact, stylish and easy to use for occasional laminating needs.

Affordable Performance

SUPER FAST

With warm-up times of 4 minutes or less, these machines let you laminate quickly. The Fusion 1100L and 1000L machines are a sensible laminating solution to help protect and preserve your documents.

SUPER EASY

Operation is simple! These machines feature a single switch to select the mil thickness of your pouch. You can start laminating as soon as the ready light turns green.

ADDED VALUE

In addition to a 3 year limited warranty*, each laminator comes with an initial supply of 10 letter size EZUse™ Laminating Pouches to help you get started on projects right away.

Fusion® 1100L

9" | 1703074

9" max document width

3 minute warm-up

Laminates 13" per minute

3 and 5 mil pouches

Jam release button

Cold lamination setting

Fusion® 1000L

12" | 1703073

9" | 1703072

9" or 12" max document width

4 minute warm-up

Laminates 13" per minute

3 mil pouches

Jam release button

Cold lamination setting

EZUSE™ LAMINATING POUCHES

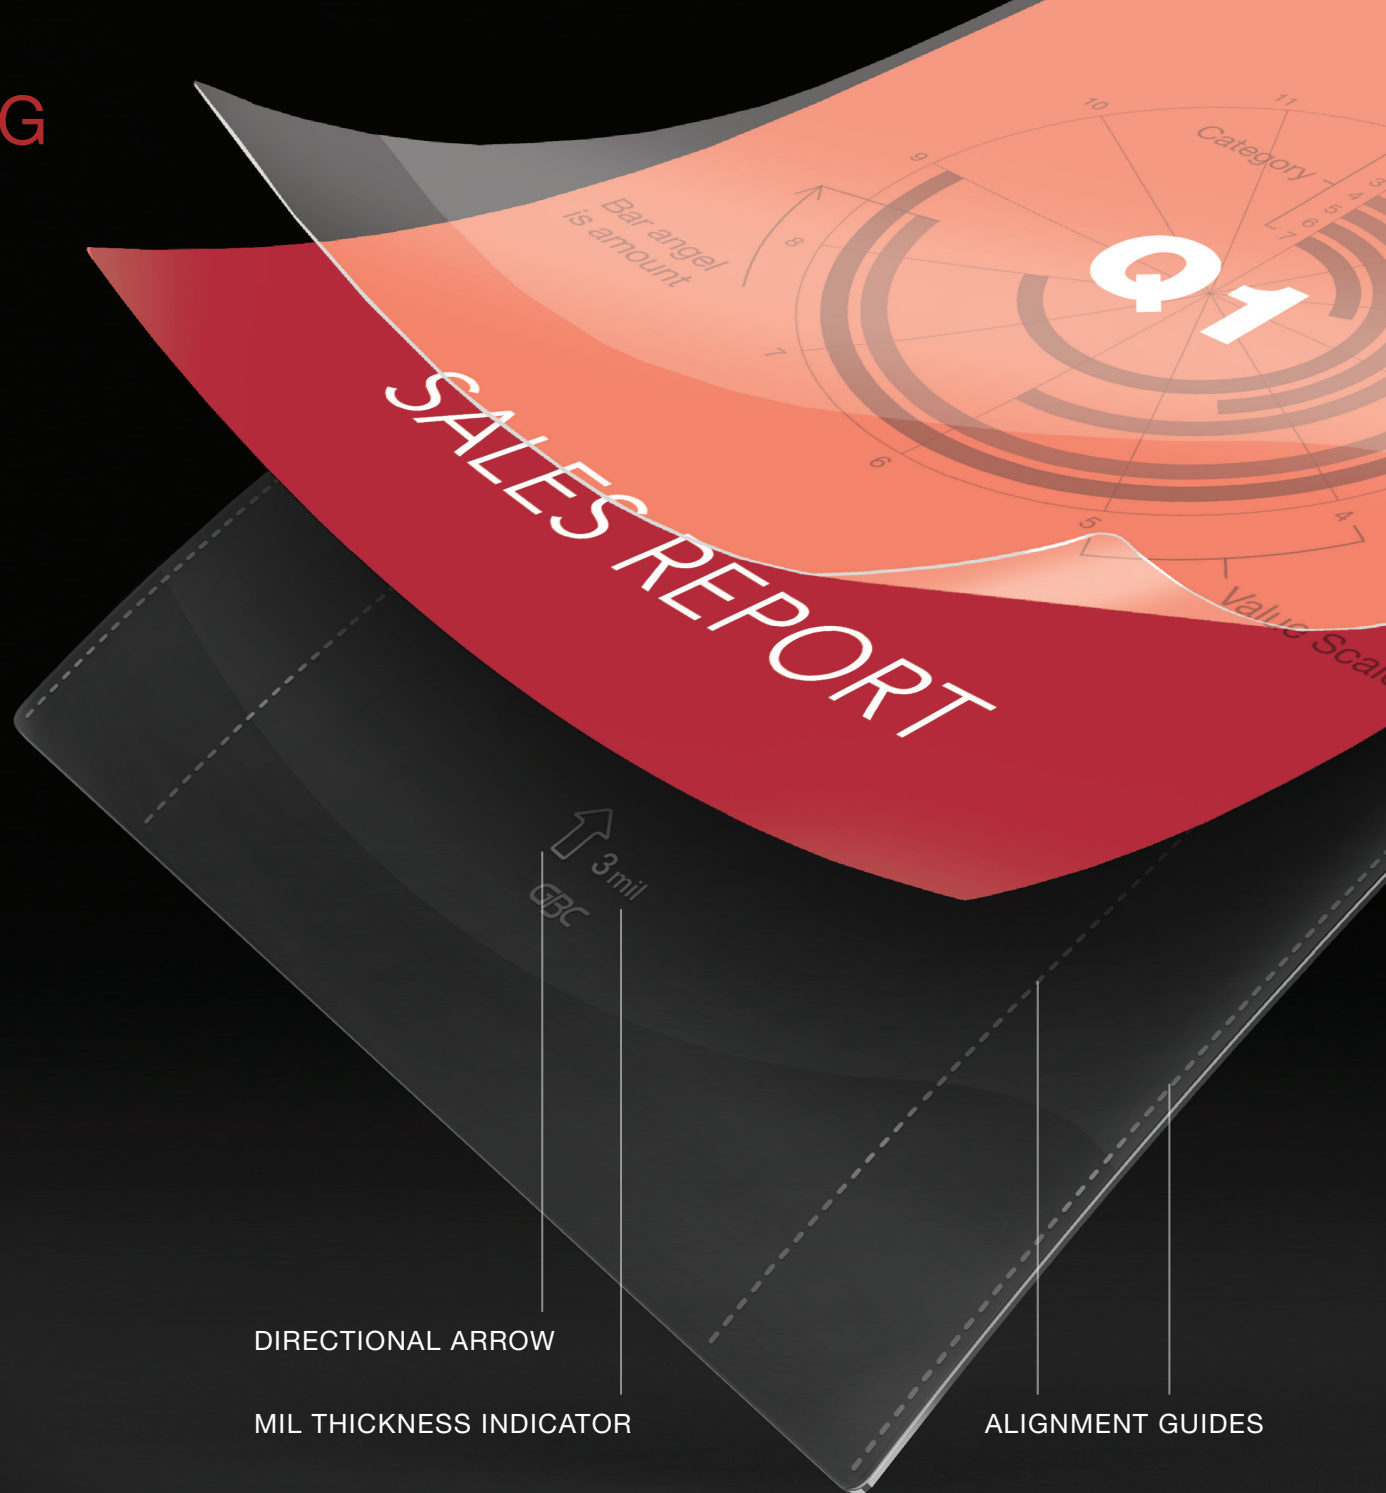

EZUse Premium Laminating Pouches make it easier than ever to laminate and are simple to open and load. Each pouch has alignment guides to help center your document and a directional arrow to help guide the pouch into the machine. The guides and symbols disappear during lamination.

FINISH FASTER

For laminators with a width of 12" or wider, use EZUse Premium Speed Pouches to laminate more quickly than standard pouches. Simply feed the pouch in the machine on the long sealed edge, reducing throughput time by 24%.
