

Present Like Never Before

Introducing the PresentAir Pro™ Bluetooth® Presenter

With USB ports becoming a precious commodity on today's ultra-thin devices, Kensington has developed a feature-rich presenter that leverages wireless Bluetooth 4.0 LE technology for the ultimate in productivity with a range of up to 10 metres. The PresentAir Pro includes everything you would expect from a presenter and so much more.

The presenter has three modes (Presenter, Media and Custom), allowing you to select button functions to make your day easier. Presenter and Media come preset, while Custom mode works the PresenterWorks™ app so you can assign specific commands to the buttons. The presenter also has a red laser, a touch-activated stylus tip and includes a handy carry case.

Compatible with all major tablets and smartphones.
