BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Go

Part Number: K97320WW | UPC Code: 0 85896 97320 1

The ultimate case for securing and protecting your Surface Go, its data, and your network.

Secure and protect your Surface Go, its data, and your network with the ultimate case — the BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Go. Made in collaboration with Microsoft, it features a smart card reader, military-grade drop protection, a protective camera cover, openings for the kickstand and all I/O ports — including USB-C pass-through to USB-A, cable lock compatibility, and TAA compliance.

Features include:

- Integrated Smart Card Reader (CAC) with Read-Only Memory (ROM)
- Government/TAA-compliant
- Military-Grade Drop and Wipe Down Protection
- Openings for the kickstand and all I/O ports — including USB-C pass-through to USB-A
- Cable lock compatible
- Self-adjusting hand strap
- Keyboard holder, type cover strap, rear camera cover, pen holder and tether
- Designed for Surface Go in collaboration with Microsoft

BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Go

Part Number: K97320WW | UPC Code: 0 85896 97320 1

Designed for Surface Go in collaboration with Microsoft

Designed and built to work perfectly with Surface Go.

Integrated Smart Card Reader (CAC) with Read-Only Memory (ROM)

Smart Card Reader supports class A, B, and C for secure access to the device and your network, making it a great solution for second factor authentication (2FA). ROM means data is never stored, so it can't be compromised.

Military-Grade Drop and Wipe Down Protection

Ready for anything, this case meets MIL-STD-810H Method 504.3 Contamination by Fluids and MIL-STD-810G drop testing.

Openings for the kickstand and all I/O ports

including USB-C pass-through to USB-A — Allows use of the integrated kickstand and full access to all ports without removing the case.

Cable lock compatible

Can be secured with a Kensington cable lock — from the inventors of computer cable locks.

Self-adjusting hand strap

Provides a firm grip when in use and stowes when not in use to allow device to lie flat and stable.

Keyboard holder, type cover strap, rear camera cover, pen holder and tether

Secures keyboard when in use, while the strap ensures that the keyboard stays protected and clean. Rear camera cover allows for use of camera and keeps lens protected when not in use. Pen holder and tether conveniently secure and store Surface pen.
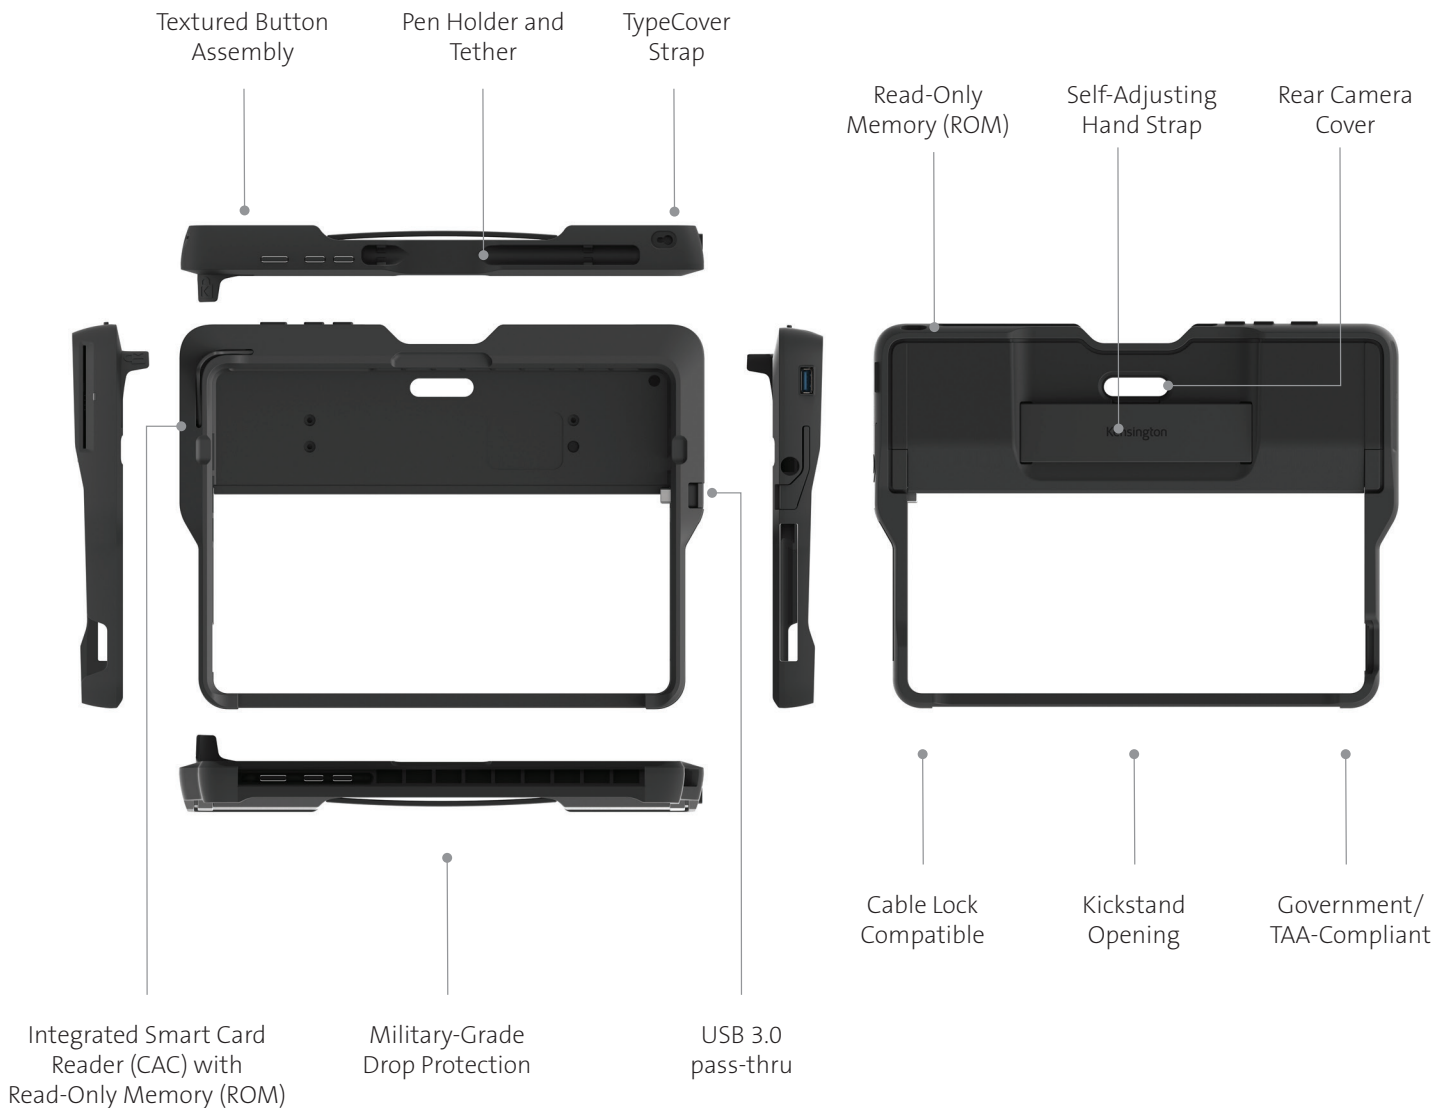

Government/ TAA-compliant

For use in U.S. Federal Government institutions and organizations.
