MagPro™ Elite Magnetic Privacy Screen for Surface Pro 8, 9, 10, Copilot+ PC Surface Pro (11th Edition)

Part Number: K51700WW | UPC Code: 085896517009

Privacy begins on screen.

The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking. Owners of the Surface Pro 8, 9, 10, Copilot+ PC Surface Pro (11th Edition) require a privacy screen that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode. The MagPro™ Elite Magnetic Privacy Screen attaches seamlessly to the Surface Pro's magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to ±30°, limiting the chance of unauthorized viewing and reducing harmful blue light and glare.
Features include:

- Designed exclusively for Surface Pro
- Seamlessly attaches to the Surface Pro's magnetic frame
- Easy to detach and reattach
- Limits viewing angle to ±30°
- Reduces harmful blue light and glare, and improves clarity
- Touch and Surface Pen enabled
- Protects screen
- Includes cleaning cloth and protective case

Designed for
Microsoft Surface

MagPro™ Elite Magnetic Privacy Screen for Surface Pro 8, 9, 10, Copilot+ PC Surface Pro (11th Edition)

Part Number: K51700WW | UPC Code: 085896517009

Designed for
Microsoft Surface

Designed exclusively for Surface Pro

Built in collaboration with Microsoft for exceptional quality, form, fit, and function.

Seamless Magnetic Attachment

Conveniently attaches to — and detaches from — the Surface Pro's magnetic frame. This avoids potentially damaging adhesives from being used, and eliminates any setup process.

Limited Viewing Angle

Narrows the field of vision to ±30° degrees, helping you keep the information on your screen private and reducing the chances of a visual data breach in the office or in a public setting.

Blue Light Reduction and Low Reflective Coating

Filters out harmful blue light rays by up to 22%, easing eye strain and reducing the chances of interrupting sleep patterns. Coating reduces glare for improved clarity.

Glossy   Matte

Reversible Viewing

One side has a matte finish to reduce glare and fingerprints. The other side is glossy and provides a clearer view of the monitor.

Touch and Surface Pen Enabled

Allows you to use your Surface Pro just as you would without a privacy screen.

Cleaning Cloth and Protective Case

Helps to keep screen clean and prevent scratches when not in use.
