Simple
and more
sustainable.

Designed with sustainability in mind, the KB100 EQ Wired Full Size Keyboard is a reliable, value-for-money solution ideal for large office deployments.

Minimum 64% post-consumer recycled content of the total plastic components. Excludes PCB assembly and cables. KB100 features a spill-proof design. Its sealed membrane resists coffee, water, and other liquids and protects the keyboard electronics from unexpected mishaps.

Supporting comfort and productivity, the keyboard is also an ideal choice for the touch typist. It offers an ISO full-size layout with responsive tactile keys for all-day comfort, and a numeric keypad to support productivity. The wired USB-A connection provides a convenient and reliable experience, and the sleek and slim profile saves valuable desktop space while complementing a modern workspace.
