

Slim NanoSaver® 2.0 EQ Combination Laptop Lock

Part Number: K65090WW | UPC Code: 0 85896 65090 4 (Resettable)

Part Number: K65102WW | UPC Code: 0 85896 65102 4 (Serialised, 25-pack)

Trusted keyless
security for
ultra-thin
devices.

Ideal for professionals and organisations seeking physical security solutions that do not hinder port access or stability, the Slim NanoSaver® 2.0 EQ Combination Laptop Lock enhances security for ultra-thin devices.

The lock contains only 7.5g of plastic versus 36g in prior generation, equalling a 78% reduction in plastic*. The cable and lock body are crafted from strong stainless steel and the lock is delivered in Forest Stewardship Council (FSC®) certified packaging.

An ideal keyless solution for securing ultra-thin devices, the Slim NanoSaver® 2.0 EQ Combination Laptop Lock eliminates the hassle of lost or misplaced keys with a resettable code providing convenient keyless security. The lock's slim design allows the laptop to lie flat and stable while ensuring full access to valuable ports.

Features include:

- Uses 78% less plastic versus prior generation*
- Ships in FSC® certified packaging
- 1.8m (6') cable provides ample length for easy anchoring
- Does not block I/O ports
- Allows device to lie flat and stable
- Unique lock engagement creates a strong connection to device frame
- Verified and tested to resist and deter theft
- 10,000 possible combinations
- Register & Retrieve™ allows for quick and simple code lookup
- Serialised preset combination option available
- 5-year limited warranty. This warranty does not affect your statutory rights

* 28g of plastic removed from cable jacket, crimp cover, ferrule cover and key cover.

Slim NanoSaver® 2.0 EQ Combination Laptop Lock

Part Number: K65090WW | UPC Code: 0 85896 65090 4 (Resettable)

Part Number: K65102WW | UPC Code: 0 85896 65102 4 (Serialised, 25-pack)

Sustainability Focused

Contains only 7.5g of plastic versus 36g in prior generation, equalling a 78% reduction in plastic*. The hook, loop fastener and cable tie are made from 100% recycled nylon and the product is delivered in Forest Stewardship Council (FSC®) certified packaging.

Premium Stainless Steel Construction

Strong and durable laptop lock that complements modern workspaces. The 1.8m (6') cable resists cutting attempts and provides ample length for easily anchoring your laptop to desks, tables and other attachment points.

Slim Nano Lock Head

Supports ultra-thin devices with nano lock slots. The low-profile lock head will not block I/O ports and allows your device to lie flat and stable.

Unique Lock Engagement

Expanding hooks grab the inside edges of the Nano lock slot, creating a strong connection between the lock and the device frame.

Verified and Tested to Resist and Deter Theft

Precision-engineered to meet or exceed rigorous industry standards for strength, physical endurance and mechanical resilience.

Resettable 4-Wheel Number Code

10,000 possible combinations, selectable by the user.

Register & Retrieve™

Free code registration allows for simple and secure lookup if the combination is ever forgotten.

Serialised Preset Combination Option

Available in a 25-pack (K65102WW) for large deployments and pre-programmed with a 4-digit code for immediate use - no manual combination setup required.

* 28g of plastic removed from cable jacket, crimp cover, ferrule cover and key cover.
