

Slim NanoSaver® 2.0 EQ Combination Laptop Lock

Part Number: K65090WW | UPC Code: 0 85896 65090 4 (Resettable)

Part Number: K65091WW | UPC Code: 0 85896 65091 1 (Serialized, 1-pack)

Part Number: K65102WW | UPC Code: 0 85896 65102 4 (Serialized, 25-pack)

Trusted keyless
security for
ultra-thin
devices.

Managing physical device security can be cumbersome, particularly when it comes to key management.

Combination locks present several unique advantages, including enhanced convenience, security, and durability.

The Slim NanoSaver® 2.0 EQ Combination Laptop Lock is the ideal keyless solution for securing ultra-thin devices – and eliminates the hassles of lost or misplaced keys. The resettable code provides convenient keyless security, and its slim design allows the laptop to lie flat and stable while ensuring full access to valuable ports.

Features include:

- Uses 78% less plastic versus prior generation*
- Ships in FSC® certified packaging
- 1.8m (6') cable provides ample length for easy anchoring
- Does not block I/O ports
- Allows device to lie flat and stable
- Unique lock engagement creates a strong connection to device frame
- Verified and tested to resist and deter theft
- 10,000 possible combinations
- Register & Retrieve™ allows for quick and simple code lookup
- Serialized preset combination options available
- 5-year limited warranty

*28g of plastic removed from cable jacket, crimp cover, ferrule cover, and key cover.

Slim NanoSaver® 2.0 EQ Combination Laptop Lock

Part Number: K65090WW | UPC Code: 0 85896 65090 4 (Resettable)

Part Number: K65091WW | UPC Code: 0 85896 65091 1 (Serialized, 1-pack)

Part Number: K65102WW | UPC Code: 0 85896 65102 4 (Serialized, 25-pack)

Sustainability Focused

Contains only 7.5g of plastic versus 36g in prior generation, equaling a 78% reduction in plastic*, the hook and loop fastener and cable tie are made from 100% recycled nylon, and the product is delivered in Forest Stewardship Council (FSC®) certified packaging.

Premium Stainless Steel Construction

Strong and durable laptop lock that complements modern workspaces. The 1.8m (6') cable resists cutting attempts and provides ample length for easily anchoring your laptop to desks, tables, and other attachment points.

Slim Nano Lock Head

Supports ultra-thin devices with nano lock slots. The low-profile lock head will not block I/O ports and allows your device to lie flat and stable.

Unique Lock Engagement

Expanding hooks grab the inside edges of the nano lock slot, creating a strong connection between the lock and the device frame.

Verified and Tested to Resist and Deter Theft

Precision engineered to meet or exceed rigorous industry standards for strength, physical endurance, and mechanical resilience.

Resettable 4-Wheel Number Code

10,000 possible combinations, selectable by the user.

Register & Retrieve™

Free code registration allows for simple and secure lookup if the combination is ever forgotten.

Serialized Preset Combination Options

Pre-programmed with a 4-digit code for immediate use—no manual combination setup required. Available in a single-pack (K65091WW) for small rollouts or a 25-pack (K65102WW) for large deployments.

*28g of plastic removed from cable jacket, crimp cover, ferrule cover, and key cover.
