

MagPro™ Elite Magnetic Privacy Screen Filter for Surface Laptop Studio

Part Number: K51701WW | UPC Code: 0 85896 51701 6

Privacy begins on screen.

The move toward hybrid working means that the modern workplace is no longer a single, easy-to-secure location. Users can be working anywhere, with an increased chance of visual hacking.

Owners of the Surface Laptop Studio require a privacy screen filter that can be quickly attached and detached, allowing the laptop to close completely to enter sleep mode.

The MagPro™ Elite Magnetic Privacy Screen Filter attaches seamlessly to the Surface Laptop Studio's magnetic frame, requiring no inconvenient adhesives. Allowing the device to close completely, the screen narrows the viewing angle to $\pm 30^\circ$, limiting the chance of unauthorised viewing and reducing harmful blue light and glare.

Features include:

- Designed exclusively for Surface
- Seamlessly and easily attaches to the Surface Laptop Studio's magnetic frame
- Limits viewing angle to $\pm 30^\circ$
- Anti-glare matte coating prevents fingerprints
- Reduces harmful blue light by 30%
- Touch and Surface Pen compatible
- Includes protective case
- Two-year warranty
