A keyless locking solution to secure laptops and tablets with a wedge-shaped lock slot

The improved Kensington N17 Combination and Serialised Combination Locks for Wedge-Shaped Slots deliver increased strength in a smaller size. It is a keyless locking solution for laptops and tablets with a wedge-shaped lock slot.

- **Tough lock head** – Internally verified and tested for industry-leading standards in torque/pull, foreign implements, lock lifecycle, corrosion and other environmental conditions
- **Carbon steel cable** – Cut-resistant with plastic sheathing to protect desks, tables and other fixed-structure attachment points
- **One-handed attachment** – Re-engineered slider allows for quick and easy engagement into the device
- **Resettable 4-wheel number code** – 10,000 possible combinations, selectable by the user
- **Register & Retrieve™** – Allows for quick, easy and secure lookup if the combination is ever lost or forgotten
