

The best value in tablet protection

With the iPad® now opening up new learning possibilities in the classroom, Kensington have designed the perfect solution to keeping it protected during shared-use

What sets this range apart?

- Provides all-round protection against drops
- Strong, cushioned rubber ring designed to meet military-grade MIL-STD-810
- Rubberised texture makes it easy to grip and prevents it from sliding off the table
- Raised bezel prevents scratches
- 20mm thickness fits into charging cabinets
- Unobstructed port openings for easy access to controls, cameras and connectors
