

Universal 3-in-1 2.0 Keyed Laptop Lock

Part Number: K63389WW (Standard Keyed) | UPC Code: 0 85896 01061 6

Part Number: K63390M (Master Keyed) | UPC Code: 0 85896 01071 5

Part Number: K63390S (Single Keyed) | UPC Code: 0 85896 01091 3

Part Number: K63391WW (Master Keyed on Demand) | UPC Code: 0 85896 01081 4

One lock.
One tip.
Broad compatibility.

Securing a mixed fleet of laptops with different lock slots (standard, nano, or wedge-shaped) often forces organizations to juggle multiple lock types or rely on locks with swappable tips. Such solutions add complexity, risk lost pieces and may compromise security.

The Universal 3-in-1 2.0 Keyed Laptop Lock solves this with a true one tip design that fits all three slot types – no interchangeable parts required.

Built on Kensington's 5mm Keying System with patented anti-pick Hidden Pin™ technology, it delivers robust protection against tampering and theft. This simplifies device security deployment for IT teams, ensuring consistent and straightforward protection across a variety of devices.

- One lock tip fits standard, nano, and wedge-shaped security slots
- 360° rotatable head enables one-handed locking from any angle without blocking ports
- Proprietary cleat lock firmly grips inside the slot for a secure hold
- 6-foot (1.8m) cut-resistant carbon steel cable with plastic sheathing
- 5mm Keying System compatible across all of Kensington's latest locks
- Patented anti-pick Hidden Pin™ Technology
- Verified and tested for strength, physical endurance, and mechanical resilience
- Free registration program for secure replacement of lost keys
- Custom keying options available for IT administrators
- 5-year limited warranty
- TAA-Compliant

Universal 3-in-1 2.0 Keyed Laptop Lock

Part Number: K63389WW (Standard Keyed) | UPC Code: 0 85896 01061 6

Part Number: K63390M (Master Keyed) | UPC Code: 0 85896 01071 5

Part Number: K63390S (Single Keyed) | UPC Code: 0 85896 01091 3

Part Number: K63391WW (Master Keyed on Demand) | UPC Code: 0 85896 01081 4

One Lock Tip for Any Lock Slot

Innovative single-tip lock fits standard, nano, and wedge-shaped security slots without the need to change lock tip heads – offering compatibility with almost any laptop, regardless of brand or generation.

One-Handed Locking and No Port Blocking

The 360° rotating lock head allows you to attach and secure the lock with one hand from any angle – even in tight spaces – without blocking adjacent ports.

Proprietary Cleat Locking

Engineered as an alternative to traditional scissor-style lock tips, our proprietary cleat lock firmly grips inside the slot for a secure hold. This internal cleat design ensures the lock remains firmly engaged.

5mm Keying System with Patented Hidden Pin™ Technology

Our 5mm Keying System is compatible with all recent Kensington locks, simplifying key management across your organization. Featuring patented anti-pick Hidden Pin™ technology, this system offers administrators convenient security that resists tampering and ensures peace of mind.

Universal 3-in-1 2.0 Keyed Laptop Lock

Part Number: K63389WW (Standard Keyed) | UPC Code: 0 85896 01061 6

Part Number: K63390M (Master Keyed) | UPC Code: 0 85896 01071 5

Part Number: K63390S (Single Keyed) | UPC Code: 0 85896 01091 3

Part Number: K63391WW (Master Keyed on Demand) | UPC Code: 0 85896 01081 4

6-Foot (1.8m) Carbon Steel Cable

Resists cutting attempts and features a plastic sheath that protects desktop surfaces while offering ample length for anchoring your laptop to desks, tables, and other fixed structures.

Verified & Tested

Each Kensington lock is precision engineered to meet or exceed rigorous industry standards for strength, physical endurance, and mechanical resilience.

Register & Retrieve™

Register & Retrieve™

Kensington's online key registration program allows for quick, secure and easy key replacement if it ever gets lost or stolen.

5-Year Limited Warranty

Rest assured knowing you're covered by Kensington—inventor of the laptop lock.

TAA-Compliant

Ready for use in U.S. Federal Government institutions and organizations.
