GBC

AutoFeed+ Shredders

Promising reliability, security, and time savings at a price point that's perfect for your home or office.

Spend less time shredding and more time on other tasks. The line of GBC AutoFeed+ Shredders takes the manual work out of shredding to make your day easier.

Nothing stacks up against AutoFeed+

- Extra high sheet capacity, long run times, and large waste bin sizes so you can safely dispose of everything in one trip.
- Powerful induction motor shreds through documents, paper clips and staples, so you don't waste time doing prep work.

Smaller pieces of shredding. Bigger peace of mind.

- Super Cross-Cut (P-4) and Micro-Cut (P-5) technology produces smaller shreds for added security.
- For smaller loads, the manual feed feature can take in as many as 20 sheets at a time.
- Easy touch forward and reverse anti-jam technology minimize downtime and costly service calls.
