Promotes Movement and Stretching

Helps improve circulation and relieve pressure for all-day comfort. Contributes to non-exercise activity thermogenesis (NEAT) — things such as rocking your feet, typing, even fidgeting — that helps increase metabolic rate and keeps us healthy.

Sleek, Versatile Design

Discreet, low-profile fits any office environment.

360-Degree Swiveling Bar

Designed to promote leg and foot movement and stretching throughout the day to help improve circulation and relieve pressure.

Sturdy, Stable Base and Bar

Extruded aluminum non-slip bar is rated up to 300 pounds (136kg). Elevated ridges on the bar and rubber padded feet keep your feet and the foot rest securely in place.
