Sculpted for comfort and performance.

For professionals wanting to reduce the fatigue associated with spending long hours typing each day, the Pro Fit™ Ergo KB675 EQ TKL Rechargeable Keyboard supports all-day comfort and productivity with style.

The sculpted ergonomic design and curved key layout promotes proper hand and wrist posture, accommodating the natural contour of your hands to provide a more comfortable and productive typing experience. Performance-enhancing features include multiple connectivity options, government-grade encryption security, universal compatibility, and a long-lasting rechargeable battery.

The plastic in this product contains a minimum of 45% post-consumer recycled (PCR) content (excludes PCB assembly, rechargeable battery, 2.4GHz dongle and charging cable). Complementing a modern workspace, KB675 is an ideal choice for professionals seeking to elevate their typing experience with style, comfort, and performance.
