

Anti-Fatigue Mat

Part Number: K55399WW | UPC Code: 0 85896 01341 9

Stand in durable comfort

Maximizing the health benefits of standing while working, the Kensington Anti-Fatigue Mat is made of the highest quality materials and ergonomically engineered to reduce fatigue on legs, back and feet while providing durable comfort at the office, laboratory, workshop, kitchen or garage.

- Ergonomically engineered for better pressure distribution and reduced fatigue on legs, back and feet
- High-performance PU foam with effective shock absorption and shape retention
- Textured, slip-resistant surface keeps mat securely in place
- Vinyl- & BPA-free, flame-resistant construction
- ADA-compliant beveled edge — trip-resistant and chair-roll-friendly
- Ships flat to prevent unwanted creases and curled edges
- 2-year worldwide warranty

Anti-Fatigue Mat

Part Number: K55399WW | UPC Code: 0 85896 01341 9

Ergonomically Engineered for All-Day Comfort

Designed to stimulate blood circulation and reduce fatigue on legs, back and feet by providing better pressure distribution and significantly reducing contact stress — so you stay focused and energized throughout the day.

High-Performance PU Foam Construction

Engineered with advanced polyurethane foam to deliver reliable comfort and support for office, lab, garage, or kitchen environments. The resilient foam structure provides effective shock absorption to help reduce fatigue, maintains its shape under regular use, and features a durable, easy-to-clean surface suitable for everyday use.

Textured, Slip-Resistant Surface

Designed with a high-traction surface pattern to help reduce unintended movement and keep the mat securely positioned during standing and movement in active work areas.

Vinyl- & BPA-Free, Flame-Resistant Construction

Made without vinyl or BPA to support a healthier indoor work environment. The mat is constructed with materials engineered to be flame resistant, helping reduce fire-related risks in everyday office settings.

ADA-Compliant Beveled Edge

Ensures the mat will not roll up, is trip-resistant, and provides an 18° angle for office chairs to roll up on with ease — supporting both safety and accessibility in the workplace.

Ships Flat

Packaged flat to prevent unwanted creases and curled edges, ensuring the mat arrives ready to use straight out of the box.

Material Specifications

	Enclosure Color and Material	Black / PU foam
--	------------------------------	-----------------

Product Dimensions

Width	35.43" (900mm)
Depth	19.69" (500mm)
Height	0.67" (17mm)
Unit Weight	3.79 lbs (1.72kg)

Packaging Dimensions

Packaging Style	Brown Box
Width	36.61" (930mm)
Depth	20.28" (515mm)
Height	0.98" (25mm)
Packaging Weight	5.28 lbs (2.4kg)
Master Carton	1 pc
Packaging Content	One Kensington Anti-Fatigue Mat / Instruction Guide / Warranty Insert

Environmental

Storage Temperature	-20 to 60°C (-4 to 140°F)
Relative Humidity	Up to 80% non-condensing

Country of Origin, Regulatory, and Warranty

Country of Origin	China
Certifications & Compliance	REACH, RoHS, CA Prop 65
Warranty	2-Year Worldwide
