SD1500 USB-C™ Mobile Universal Dock

The Compact Connectivity Solution

Designed for the on-the-go professional, the SD1500 USB-C™ Mobile Dock is ideal when you're on the road and need a compact productivity enhancer. The dock offers everything your USB-C laptop needs for 4K or 1080p HD video output, connecting to a network via Ethernet and adding a mouse, keyboard or flash drive.

- **USB-C™ connectivity** – a single cable allows you to plug in your Windows®, Mac OS® or Chrome OS® laptop and have access to your entire desktop setup, including 4K video and USB 3.1 Gen 1 SuperSpeed data transfer

- **Plug & play installation** – no drivers or downloads

- **4K for dual monitors** – display content up to the clarity of ultra HD via display/HDMI ports

- **Hideaway USB-C Cable** – plugs directly into the USB-C port on your laptop and can be stowed into the housing of the dock when not in use

- **Gigabit ethernet port** – avoid downtime with a reliable wired connection to your network or the internet

- **USB 3.0 Port** – transfer data at up to 5Gbps with the fast and powerful port, which is ideal for devices like smartphones, tablets, flash drives or peripheral accessories like a keyboard or mouse

- **Thunderbolt™ 3 compatible** – can connect to laptops and tablets that have Thunderbolt 3 ports

- **Compact design** – Ideal for business travelers on the road, the dock gives you everything you need to connect in a compact design
