

BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Pro 8

Part Number: K97620WW | UPC Code: 085896976202

The ultimate case to secure and protect your Surface Pro, its data, and your network.

Designed exclusively for Surface Pro, with military-grade drop and wipe down protection, the TAA-compliant BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Pro 8 is the ultimate case to secure and protect your Surface Pro, its data, and your network. Ready for anything, it features an integrated Smart Card reader with Read-Only Memory (ROM), expansion ports and pass-through power, visual data protection, a self-adjusting hand strap that allows the Surface Pro to lie flat, Surface Pen holder and tether (Surface Pen not included), a keyboard holder and TypeCover strap, a kickstand opening, cable lock compatibility, a dedicated support team, and a two-year warranty.

Features include:

- Designed exclusively for Surface Pro 8
- Integrated TAA-compliant Smart Card reader with Read-Only Memory (ROM)
- Military-grade drop and wipe down protection
- Expansion ports and pass-through power
- Visual data protection
- Self-adjusting hand strap
- Surface Pen holder and tether (Surface Pen not included)
- Keyboard holder and TypeCover strap
- Kickstand opening
- Cable lock compatible
- Dedicated support team
- Two-year warranty

BlackBelt™ Rugged Case with Integrated Smart Card Reader (CAC) for Surface™ Pro 8

Part Number: K97620WW | UPC Code: 085896976202

Designed Exclusively for Surface Pro

Built in collaboration with Microsoft for exceptional quality, form, fit, and function.

Integrated Smart Card (CAC) Reader with Read-Only Memory (ROM)

TAA-compliant smart card reader supports class A, B, and C for secure access to the device and your network. A great solution for two-factor authentication (2FA). ROM data is never stored, so it can't be compromised.

Military-Grade Drop and Wipe Down Protection

Ready for anything, this case meets MIL-STD-810H Method 504.3 Contamination by Fluids and MIL-STD-810H drop testing.

Expansion Ports and Pass-Through Power

Access all ports on your Surface Pro, without removing the case. The integrated USB-C port allows for pass-through charging (up to 60W), data transfer (10Gbps), or DP Alt-Mode video.

Visual Data Protection

Supports Kensington's privacy screen (K51700, sold separately), which limits the viewing angle to +/- 30 degrees. Rear camera cover keeps the lens protected when not in use.

Self-Adjusting Hand Strap and Surface Pen Holder with Tether

Hand strap provides a firm grip when in use and stows when not in use to allow the Surface Pro to lie flat and stable. Surface Pen holder and tether conveniently secures and stores your Surface Pen (Surface Pen not included).

Keyboard Holder and TypeCover Strap

Secures keyboard when in use and helps ensure that your keyboard stays protected and clean.

Kickstand Opening and Cable Lock Compatible

Allows full use of the integrated Surface Pro kickstand — no need to remove the case. Can be secured with a Kensington keyed (K68134) or combination (K68130) lock — from the inventors of computer cable locks.

System Requirements

Operating Systems Supported	Windows 11
Plug & Play	Yes
System Resource Requirement	Only for Surface Pro 8
USB-C Power Delivery	5V/9V/15V/20V up to 3A

USB Interface to Surface Pro

Type of USB Connector	USB 3.2 Gen2 Type-C connector
Host Connector	support USB 2.0/3.0 Type C

USB-C Port

USB Type	USB 3.2 Gen2 Type-C, speeds up to 10Gbps
USB Connector	N/A
Passthrough Charging	5V/9V/15V/20V up to 3A
DP Alt Mode	Single DP1.4 max resolution 4K/60Hz* *Requires host device to have DSC enabled (4K @ 30Hz supported without).
MST	N/A

CAC Reader

Host Interface	USB 2.0 Full speed (12 Mbps)
Supported Standards	ISO/IEC 7816 Part 1 to 4 EMV 2011 Ver 4.3 Level 1 (compliant)
Supported Tag Ics	All major ISO/IEC 7816 compliant Smart Card and Synchronous cards
Smart Card Protocols	T=0, T=1, Synchronous cards 12C and 3-wire
Smart Card Interface Speed	Up to 600 kbps, TA1=97
Smart Card Clock Frequency	ISO/IEC 7816 compliant; Operates up to 16 MHz for uTrust 2500 R and up to 12 MHz for uTrust 2500 F
Supported Smart Card Types	5V, 3V and 1.8V, ISO/IEC 7816 Class A/B/C
Power to Smart Card	60mA in ClassA; 55mA in Class B; 35mA in Class C

Material Specification

Case	PC/ABS with TPU overmold textured
Hand Strap	Silicone
Tether	PC/ABS and paracord
Pen Holder	Integrated in the Case
USB Connector Housing	TPU overmolded
