# Best-in-Class Docking with Next Gen Locking

LD5400T Single-User Thunderbolt 3 Universal Dock with K-Fob™ Smart Lock

Combining a best-in-class Thunderbolt 3 docking experience with next generation laptop locking technology, Kensington delivers a game-changing 2-in-1 docking and locking solution for both Windows and Mac users. The LD5400T Single-User Thunderbolt 3 Universal Dual 4K Dock with K-Fob™ Smart Lock provides Thunderbolt 3 productivity and encrypted digital laptop security for today's thin and light laptops. Get more speed, more pixels, more power and more possibilities while reducing laptop theft and improving compliance with corporate security protocols. Secures thin and light laptops 11–15" in size, including models from Apple, Dell, HP, Lenovo and other manufacturers.

Features & Benefits:

- **Access Options** — Single-User (K33476NA/EU) for a simple locking experience for fixed desk users or Multi-User with Admin Control (K39470M) for hot-desking, hoteling and/or shared workspaces

- **Cross-Platform Compatibility** allows dock to work for both Windows and Mac users

- **Thunderbolt 3 Technology** allows a single port to provide up to 40Gbps of data speed, and connectivity to Thunderbolt-enabled devices, billions of USB devices, and 4K UHD displays — all while supplying up to 85W of power to the host device[1]

- **5K or 4K for Dual Monitors** via DisplayPort v1.2 or HDMI (adapters sold separately)

- **K-Fob™ Smart Lock Technology** provides encrypted security with the simplicity of keyless locking

- **Adjustable Security Arms** accommodate 11"-15" laptops and easily adjust without tools

- **Professional Locking Design** meets Kensington's industry-leading testing standards for durability, provides unobstructed access to the laptop's side ports and does not require any laptop modifications

- **Productivity Ports** allow users to connect to peripheral accessories via two Thunderbolt 3 ports — one for power delivery and data transfer and one for USB-C compatibility or daisy chaining up to 5 additional Thunderbolt-enabled devices, four USB 3.0 ports (5V/0.9A), one 1G Ethernet port, and one combo 3.5mm audio in/out port

- **Scratch-Resistant Bumpers** protect laptop screen and frame from cosmetic damage

- **Flexible Security Options** allow you to secure the station to any fixed object using the removable tethered lock cable, or use the built-in Kensington Security Slot with a cable lock, or permanently secure using the desktop mounting hole

1 Only compatible with laptops equipped with Thunderbolt 3 ports; not backwards compatible with Thunderbolt 1 or Thunderbolt 2. For Windows based devices, ensure your laptop supports Power Delivery.

| | Gigabit Ethernet | 3.5MM Audio In/Out Port | USB-A 3.0 Ports (4) | Kensington Security Slot | Thunderbolt 3 Ports (2) | Display Port v1.2 | DC20V |
